Stream (log in credentials provided at
registration):

<https://stream.meet.google.com/stream/688e5cd6-c03e-4f19-a423-b39e7c05ceb0>

Thursday, January 20th · 6:00 – 7:30 P.M.

Join us to learn about the Clean Technologies & Sustainable Industries Early College High School at TEC-SMART, a program that helps students from the Greater Capital Region cultivate college and career readiness skills. The program develops and supports pathways to higher education leading to careers in STEM-related fields.

High school students pursue college coursework in the following pathways:

- Clean Energy, Community Health Navigation, Cybersecurity, Engineering Sciences, Entrepreneurship, Polysomnography, Surgical Technologies

Prospective students will learn about the Early College High School model that is part of the NYS P-TECH Network. This program offers students an opportunity to learn through problem based learning, work with mentors, and pursue college coursework towards an associate's degree at no cost to students or families.
